

BLENDED & NON-FORMAL EDUCATION TRAINING COURSE
TO FOSTER YOUTH (SOCIAL) ENTREPRENEURSHIP, ACTIVE CITIZENSHIP,
INCLUSION AND (SELF-)EMPLOYABILITY

What

This pilot training course, based on non-formal education methodologies and tools, will be focused on three main learning areas and on several corresponding relevant themes as follows:

- Knowledge (the Mind). Features and trends of the following specific “new” and “innovative” economies:
 - social economy
 - sharing and collaborative economy
 - digital economy and manufacturing
 - economy of cultures and arts
 - green economy, agriculture and food
 - local tourism
- Soft Skills (the Heart):
 - active citizenship
 - self-awareness
 - motivation

Project number 2017-2-IT03-KA205-011480 financed by the European Commission

- critical thinking
- decision-making
- sense of initiative and entrepreneurship
- inclusion
- Hard Skills/Competences (the Hand):
 - business planning
 - project organisation, management and development
 - product/service innovation
 - fund-raising
 - communication, promotion and marketing
 - community management

How

- Workshops, creative laboratories, on-site study visits, team and board games, presentations, role-plays and simulations, facilitated by trainers and experts (7 sessions x 2 hours x module = total 21 sessions / 42 hours)
- Guided brainstorming, focus group and structured debates among participants, both in teams and in plenary (3 sessions x 1 hour x module = total 9 sessions / 9 hours).

In addition, before and after the mobility, each participant will attend:

Project number 2017-2-IT03-KA205-011480 financed by the European Commission

- Distance and e-learning activities, through the OER E.Y.E. LEARN e-platform (8 sessions x 1 hour x module = total 24 sessions / 24 hours).
